

**Subject:** 2021 KisselKar Meet \*\*\* Covid-19 Protocol \*\*\*

**From:** Lynn Kissel <editor@kisselkar.net>

**Date:** June 15, 2021

Dear Klub Members,

We are planning to hold our **2021 KisselKar Meet on Aug. 27-29 in Hartford, Wisconsin.** I hope you can attend this event. Our last meet was held here in 2016.

I wanted to share the conclusions from the discussion amongst Klub Board members and others on the subject of the global Covid-19 pandemic and our pending meet. Our bottom line: ***we expect to hold a safe and sane meet that complies with current recommendations for large gatherings at the local, state and national level.***

Guidance continues to evolve and we will make future modifications if warranted. Here is our current protocol for the Klub's 2021 Meet. Remember, we are family and our concern is not only for ourselves, but is also for each other.

Are you...

- **Fully Vaccinated** (last dose + 2 weeks)?

There are no requirements for masking or social distancing

- **Not Fully Vaccinated?**

Experiencing covid symptoms? Isolate; please do not participate

No covid symptoms? Masking and social distancing recommended as appropriate. Our concern increases with indoor spaces and extended, close face-to-face interactions.

We are planning "standard" catering service for our banquet. We can accommodate social-distance seating. Please let Dawn Bondhus know how many people in your party need this accommodation.

Please contact me if you have concerns that are not addressed with our protocol.

With warm regards,

Lynn
