

Kissel Parts Exchange Available !!

As a part of this summer's Kissel Reunion, we will be organizing a "Kissel Parts Exchange" program. This program will attempt to "match up" individuals who need specific Kissel Parts with folks who have such parts available. This is also a great opportunity for you to pick up some of those very rare Kissel parts that you may want as "spares" so that you can be prepared when your favorite Kissel breaks down. Those parts can then be delivered and picked up during the Kissel Reunion weekend. Because Kissel enthusiasts from around the globe will be in attendance, this exchange will be a good opportunity for buyers and sellers who have previously made deals to accept delivery of rare Kissel parts.

Kissel Owner Ron Hausmann will be leading this brand new effort.

To facilitate this Kissel Parts Exchange, please Email Ron Hausmann with your specific Kissel Parts need(s) and/or Kissel Parts which you have available for sale. A Kissel Model number and year, and part description(s) will be required (for example, "1926 Kissel Model 6-55 Warner Transmission T64J -1A"). A Kissel Part number(s) would also be very helpful. Ron will attempt to "match up" and connect buyers who are looking for specific parts with buyers who have them available.

Ron's preferred Email is "ronaldhausmann@yahoo.com". His phone number is 313-510-8463.
